

GALVANIZERS ASSOCIATION

Galvanizers Association (GA) provides authoritative information and advice on hot dip galvanizing. A telephone service line gives an immediate answer to all your queries about galvanizing.

GA have been part of the RIBA CPD Providers Network for over 25 years and we provide two RIBA CPD approved seminars:

1. CORROSION PROTECTION OF STEEL BY HOT DIP GALVANIZING

Our main presentation gives an overview of galvanizing. The presentation is 45 minutes long and includes:

- Introduction to hot dip galvanizing
- The galvanizing process
- Coating characteristics and performance
- Designing for the process
- Sustainability
- Specification
- Case studies

2. GALVANIZING AND SUSTAINABLE CONSTRUCTION

Our second CPD incorporates information gathered as a result of the European Initiative for Galvanizing in Sustainable Construction. The presentation is 45 minutes long and includes information on:

- What is sustainability?
- Sustainable aspects of galvanizing: carbon footprint, recycling and durability
- The benefits of zinc and steel
- Case studies: Life Cycle Analysis

**EDUCATING
INFORMING
ADVISING**

OUR CPDS MEET RIBA CORE CURRICULUM AREAS

- BEING SAFE
- CLIMATE
- EXTERNAL MANAGEMENT
- INTERNAL MANAGEMENT
- COMPLIANCE
- PROCUREMENT AND CONTRACTS
- DESIGNING AND BUILDING IT
- WHERE PEOPLE LIVE CONTEXT
- ACCESS FOR ALL

CPD APPROVED LITERATURE

- THE ENGINEERS' AND ARCHITECTS' GUIDE: HOT DIP GALVANIZING
- GALVANIZING AND SUSTAINABLE CONSTRUCTION: A SPECIFIER'S GUIDE
- THE ENGINEERS' AND ARCHITECTS' GUIDE: HOT DIP GALVANIZED NUTS AND BOLTS
